MAR 2024 ISSUE

## New Show! One Day Closer

We are excited to announce a new show now on Lighthouse TV. Produced entirely in our studios, each episode of *One Day Closer* spotlights an exciting story from an individual, church or ministry using their "One Day Closer to Eternity" to spread Jesus-infused hope and purpose to many around them.

Brennen Sullivan hosts the show. His resume and background include leadership in several area ministries. He served as the Outreach and Discipleship Pastor at a church in Easton. He is currently the Lehigh Valley Area Director of Priority One Foundation where he develops and promotes ministries and programs that help men grow in their relationship with Jesus and other men.

Brennen loves Jesus, people, and helping others discover God's incredible purposes for them. God is using his gifts and passion to light a fire in peoples' lives that causes them to burn brighter for Jesus.

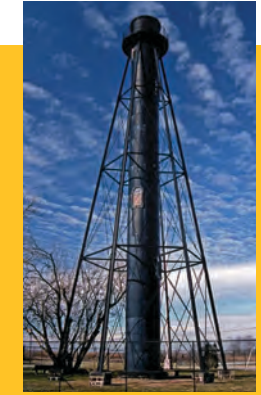

That is what One Day Closer is all about. Be sure to check it out soon.

## Remembering Our Founder Pat Huber

Our founder, Patricia F. Huber, passed away and went to be with the Lord in December. Pat's vision for how local television could be used to share the love of Jesus Christ with people was at the foundation of what today has become Lighthouse TV.

Pat will be dearly missed, but her vision for Christian television will remain at the heart of what we do at Lighthouse TV daily. Thank you Pat.

### Finns Point Lighthouse

The Finns Point Range Rear Light is a lighthouse in Pennsville Township,

Salem County, New Jersey. It is located just east of the Delaware River and was part of a Range light pair that guided ships into the Delaware River. Built in 1877, It's an example of a skeletal cast iron prefabricated lighthouse. Its companion Front range light was demolished and replaced with an offshore automated light in 1938. Both the Rear and replacement Front lights were deactivated in 1950. Learn more: [Finns Point Range Lighthouse, New Jersey at Lighthousefriends.com](http://FinnsPointRangeLighthouse.com).

### Viewer Testimonials:

We love to hear from our viewers. Contact us with your feedback.

"Thank you for 'being there' in such a dark world."

"Happy New Year. I look forward to what God will accomplish through Lighthouse TV this year."

## Message from Margaret

### What Easter Means to Me

As a girl growing up in Martinsville New Jersey, Easter did not mean much to our family. There was a chance we would make it to church, but no guarantee. That was about the same for Christmas. Oh, I might receive a box of chocolates, or participate in an Easter egg hunt, but that was about it. When I became a Christian as a young adult and got married than I grasped the full meaning of Easter. I learned that Jesus died for me.

Now each year my Easter celebration begins before Easter. It allows me to slow down and take it all in. My holy week includes watching the series *Jesus of Nazareth*. I watch Jesus gathered with his disciples during the Passover where He foretold of his impending betrayal, unwarranted arrest, and crucifixion. Then the Garden of Gethsemane where He denied Himself and was obedient to His Father's will. I watch as He endured mockery, scourging, the agony of crucifixion and finally death.

For me the resurrection of Jesus Christ from the dead is the cornerstone of my Christian faith, affirming Jesus Christ's victory over sin and death and offering me and all who believe the promise of eternal life. Easter is a time

of rejoicing, a reminder of God's boundless love and the hope that springs forth from the empty tomb.

It's impossible for us to repay the debt we owe Jesus for His sacrifice. His death and resurrection allow us to live eternally with him when we trust Jesus as Lord. Do you know Jesus as your Lord and Savior? Have you experienced his forgiveness?

I pray you will be able to make it to Church on this Easter. Perhaps you can bring a friend or family member with you so they too might hear of Christ's love for them.

**Margaret Huber**  
President

## Watch Lighthouse TV 24/7/365, Anytime, From Anywhere!

No matter where you live, there is a way to watch Lighthouse TV.

### Our shows are available via:

- Digitally on Apple TV, Fire TV, and ROKU
- YouTube and Vimeo — Archived shows produced in our Lighthouse Studios
- Stream live anytime online at: [www.lighthouseTV.org](http://www.lighthouseTV.org)

## The Power of Christian TV

Making a conscious effort to include faith-based television programming in your viewing habits can positively impact your life. Christian television provides a platform for churches, pastors, and ministries to share their messages and values with local and global audiences.

Here are some ways it can help:

**Spiritual Nourishment:** Sermons, bible studies, and worship services allow viewers to connect with their faith, learn more about Christ, and deepen their relationship with God.

**Uplifting Content:** Programs that promote hope, love, forgiveness, and positive values can uplift and inspire viewers, helping them navigate the challenges of life.

**Community and Connection:** Many individuals are unable to attend physical church services regularly. Broadcasting services can serve as an extension of the church providing people with an ongoing connection to a local or national ministry.

**Support and Guidance:** Programs that address issues such as grief, addiction, marriage and mental health can provide support, guidance, and resources during times of crisis.

**Choose Wisely:** Select faith-based Christian television programs that align with God's word, your beliefs and values that resonate with you spiritually and emotionally.

As a believer, it's essential to balance screen time with other activities, such as prayer, reading the Bible, and participating in a local church community as part of your walk.

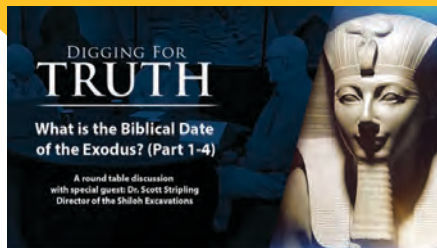

Lighthouse TV is focused on creating and delivering Positively Different Television for the entire family. We encourage you to dig into our shows and provide us with feedback on what you like and want to see on our network. We appreciate you as viewers.

### SHOW SPOTLIGHT

## Digging for Truth

*Dig. Discover. Defend.*

Presented by Associates for Biblical Research (ABR) and hosted by Henry B. Smith and his Co-Host Scott Lanser, *Digging for Truth* takes viewers on a journey of truth and discovery. The historical reliability of the Bible is demonstrated by archeological and Biblical research, and this show offers fascinating evidence.

The modern science of archaeology, which began in the mid-1800s, has revolutionized our knowledge of the ancient Biblical world. Many

archaeological discoveries relate directly to Scripture and confirm the historicity of the Biblical record. Other discoveries provide fascinating background material for the Biblical narratives. As people become aware of these discoveries, the Bible suddenly comes alive, and Bible study becomes more interesting and meaningful.

Since 2017, ABR and Lighthouse have produced more than 1,200 episodes. *Digging For Truth* accomplishes

two main goals: First, it presents exciting discoveries from the world of archaeology that validate the historical reliability and accuracy of the Bible. Second, we engage in discussions that proclaim and defend the coherence and truth of the Christian worldview as it is found in the Old and New Testaments, the revelation of God.

Get started by "digging in" today to the shows at [LighthouseTV.org](http://LighthouseTV.org).

## From God's Word

**If my people, who are called by my name, will humble themselves and pray and seek my face and turn from their wicked ways, then I will hear from heaven, and I will forgive their sin and will heal their land.**

**2 CHRONICLES 7:14**
